## How to get to CREATE

The CREATE Centre is easy to find once you know how! It is located in one of the three large red-brick tobacco warehouses in Cumberland Basin, lying halfway between Clifton Suspension Bridge and the SS Great Britain. To view a map of the area see the [CREATE map](#)

### On Foot

- The city centre is only 1.8 miles away - a pleasant 30 minute walk along the docks.
- Temple Meads railway station (about 2 miles) and Broadmead bus station (2.5 miles)

### By Bike

- From the city centre a cycle track runs alongside Cumberland Road and on to CREATE.
- From Bedminster the cycle track crosses Greville Smyth park, crossing the old railway bridge and on to CREATE.
- From Pill the cycle track runs along the old rail track, under the suspension bridge, and over the old rail bridge and on to CREATE.
- Plenty of cycle parking is provided inside and outside the building, and showers and lockers are available for visitors.

### By Car:

There is very limited parking at the CREATE Centre. As an environment centre we positively encourage other forms of transport. If you must come by car, please allow plenty of time to park as you may have to park within a five minute walk of the Centre. Car park maps can be sent out on request.

### Park and Ride:

The Long Ashton Park and Ride bus can stop very close to the CREATE Centre in Hotwells Road. It departs from Merchant's Road bus stop, Hotwells. **These are request stops.**

Bristol Ferry Boat Company runs reliable timetabled ferries to and from Create Centre (Nova Scotia landing stage on Hotwells ferry). The service operates 7 days a week all year round, and boats are heated and covered in winter.

You can catch the ferry:

Running every 40 minutes.
- just a few minutes walk away from Temple Meads Train station and also at Castle Park (near Broadmead), Bristol Bridge and Welsh Back (near St. Nicholas Markets and King Street). (This service connects with the Hotwells service at ss Great Britain and City Centre)
